TREES

(For Mrs. Henry Mills Alden)

I think that I shall never see
 A poem as lovely as a tree
A tree whose hungry mouth is prest
 Against the earth's sweet flowering breast;
A tree that looks at God all day,
 And lifts her leafy arms to pray;
A tree that may in Summer wear
 A nest of robins in her hair;
Upon whose bosom snow has lain;
 Who intimately lives with rain.
Poems are made by fools like me,
 But only God can make a tree.
